

Press Release

Alpha Bank Cyprus Ltd supports education

Alpha Bank Cyprus Ltd attaches great importance to supporting education. In this context, and based on the Organisation's targeted Corporate Responsibility programme, the Bank acknowledges and rewards high academic performance, supports research and innovation and advocates for equal opportunities for all in education.

More specifically, Alpha Bank Cyprus Ltd has awarded money grants to the **top students of the Department of Economics and the Faculty of Engineering of the University of Cyprus** who excelled in the academic year 2020-2021. The Bank has also supported actions undertaken by European University Cyprus, providing financial assistance to the University's educational and research centre.

Actions in the field of education also include **awards to top students of public lower and higher secondary schools, the support of Parents Associations of Public Schools aiming to help students in need**, as well as the **financial support of educational institutions in view of granting scholarships** to top students in need.

Moreover, in recent years, the Bank has been supporting the work of "AgiOI Omologites Social Welfare Association", **covering the cost of the two kindergartens and nurseries** run by the Association.

Strengthening education and equal access for all has always been one of the main priorities of the Corporate Responsibility programme of Alpha Bank Cyprus Ltd, which aims to invest in the country's future through targeted programmes and actions.
